1. Aims

Our SEN policy is to be read in conjunction with the Special Needs Information Report, together these documents will:-

- Set out how our school will support and make provision for pupils with special educational needs (SEN)
- Explain the roles and responsibilities of everyone involved in providing for pupils with SEN

The Bawburgh School believes in going 'Above and Beyond' for all by providing a broad, balanced, relevant and challenging curriculum, which is appropriate to each child's individual abilities, talents and personal qualities.

The unique attributes and qualities of all children are celebrated within the school community and children are encouraged to meet their full potential in all areas of learning, as well as their personal and social development.

The school aims to do this by:

- Helping pupils develop their personalities, skills and abilities.
- Providing appropriate teaching that is both challenging and enjoyable.
- Providing equal educational opportunity for all.

Pupils with SEN and/or disabilities are supported through in-class support, small group activities and individual learning programs in order to tailor and adapt the curriculum to meet each child's specific needs. Specialist advice and equipment are sought where necessary and the school works closely with parents and families to ensure that there is consistency in approach wherever possible.

2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN coordinators (SENCOs) and the SEN information report

3. Definitions
