

The Barford and Bawburgh Federation MFL Subject Logic Overview

Curriculum Drivers

Global Citizens – Our language curriculum will foster pupils' curiosity and deepen their understanding of the world. It will provide children with the foundations to learn further languages, equipping children with the skills to visit, study or work in other countries.

Respectful Communicators – The teaching of MFL will enable pupils to express their ideas and thoughts in another language and to understand and respond. Children will be able to engage in conversations; ask and answer questions; express opinions and respond respectfully to the opinions of others.

Active Learners – Children will be taught to listen attentively to spoken language and broaden their vocabulary in order for them to be able to communicate effectively in a different language. They are given further opportunities in each lesson to rehearse and apply new taught skills through a variety of activities.

Aspirational – Children are encouraged to develop a genuine interest and positive curiosity about foreign languages. Through the challenge of learning another language, they learn important life-skills of resilience and perseverance, supporting their development as independent learners who begin to truly realise the link between effort and success.
